

Sustainable Development Policy ISO 20121 Dorna Sports S.L. as organizer of the MotoGP™ events

At Dorna Sports S.L., we strongly believe in reinvesting in motorcycle racing and giving back to the community that which the sport gives us. We want to be a driving force for sustainable development and growth in two-wheeled motorsport.

Our goal has always been to deliver the greatest and safest motorcycle racing show on Earth and we do so by managing all sporting, commercial and media aspects of the MotoGP™ World Championship, the pinnacle of motorcycle racing.

In 2022, MotoGP™ will visit 17 countries in five continents, with 21 Grands Prix and three categories comprising Moto3™, Moto2™, MotoGP™ as well as the FIM Enel MotoE™ World Cup, and other official supporting categories.

As a 360-degree organizer, Dorna Sports S.L. is conscious of the impact of its events and operations on the environment and on communities all over the world. With that in mind, Dorna Sports S.L. is committed to taking action and proactively supporting initiatives to reduce MotoGP™'s environmental footprint and to maximize the championships' impact on society, on the motorsport's community and on the planet globally. Dorna Sports S.L.'s commitment to a positive impact cut across all its departments, of which the Dorna non-financial report, developed annually, is a tangible example. Commitment is one of Dorna Sports S.L.'s key corporate values, a set of core elements that define Dorna Sports S.L. beyond its business and that form the foundation of the MotoGP™ championship.

We believe in the strength of our values and the significance that they represent today:

- Passion
- Sustainable Innovation
- Talent
- Knowledge
- Excellence
- Commitment

In continuing our commitment to sustainable management and Corporate Social Responsibility, we have elected to adopt a rigorous sustainability management system for our Championships in a clear and internationally recognized form, achieving ISO 20121 certification, the international standard for Event Sustainability Management.

This decision leads to the implementation of the values promoted by the ISO 20121 standard itself and by this policy, such as:

- Responsible management
- Inclusion and accessibility
- Integrity
- Transparency
- Participation
- Legacy

Dorna Sports S.L. intends to further enhance its events from a sustainability standpoint, undertaking every possible action in the short, medium and long term in order to reduce our environmental footprint, while maximizing the social and economic impacts produced by our racing events. This includes important information for the attention of all stakeholders (suppliers, circuits, promoters, teams, manufacturers, broadcasters, fans etc.).

Dorna Sports S.L. underlines its commitment to:

- Respecting the basic principles of sustainable development and contributing to the achievement of the goals set by the United Nations (UN SDGs-Sustainable Development Goals);
- Designing racing events taking into account the principles and values listed above (responsible management, inclusivity and accessibility, integrity, transparency, participation, legacy);
- Raising awareness and involving all stakeholders in environmental, economic and social sustainability issues;
- Minimizing waste and promoting a circular economy;
- Measuring and decreasing CO2 emissions;
- Responsibly managing natural resource consumption;
- Influencing suppliers, circuits and teams towards sustainable choices and behaviour;
- Promoting comprehensive and updated information on sustainability issues;
- Improving direct and indirect international economic impact;
- Ensuring proper access for and the inclusion of people with disabilities;
- Building a diverse and inclusive environment for all;
- Ensuring compliance with current environmental and health and safety regulations.

Dorna Sports S.L. implements the principles stated in the present ISO 20121 Sustainable Development Policy through a strategic plan of objectives and actions, thus ensuring a coherent and integrated approach to environmental, social and economic sustainability is adopted.
